

Tools to assist DO-242A ad-hoc group

MASPS Revisions (DO-242A) Mailing List Server:

We have created a MASPS mailing list to simplify all email correspondence among our group. Using this mailing list for all of our correspondence will allow users to send email to a single address and also guarantee that all interested parties are kept informed of our activities.

To subscribe, send a blank email to
join-masps@its.tc.faa.gov

To unsubscribe, send a blank email to
leave-masps@its.tc.faa.gov

To send a message, send email to masps@its.tc.faa.gov

- or -

go to: <http://www.its.tc.faa.gov/cgi-bin/lyris.pl?site=adsb>

MASPS Revisions (DO-242A) Web Page:

The DO-242A web page will be part of ADS-B/TCAS web site supported by ACT-350 of FAA W.J.Hughes Technical Center. This site supported WG#3 during development of 1090 MHz ADS-B MOPS (DO-260) and will be supporting revision A of DO-260 and the development of the UAT ADS-B MOPS by WG#5.

This page will contain all past meeting minutes and upcoming meeting schedules and agendas. Also, once editing of DO-242 begins, updated material will be available for review.

Web Site URL:

<http://adsb.tc.faa.gov/>

Please contact Stuart Searight with any questions, problems, or constructive feedback on either the mailing list or web site at Stuart.Searight@tc.faa.gov or (609) 485-5036.
